

<b>Research Topic</b>	<b>Done by</b>	<b>Supervised by</b>
Comparison between three laboratory techniques used in the detection of Giardia lamblia	Hasan Ibrahim Ismail Nawaf Riyadh Daghistani	Prof. Haytham Ahmed Zakai
Frequency of genetic variant affecting obesity in a cohort of Saudi volunteers	Hadeer Khalid Abdulshafi Fatima Adel Bamofleh Hadeel Abdullah Al Gharbi	Dr. Mohamad Yassin Saka Dr. Ashraf Dalol
The detection of ESBL isolates among patients with Urinary Tract Infection	Amani H. Abokhammas Ala,a M. Alkenani Reem A. Alzahrani	Dr. Khalil Alkuwaity
Sensitivity of MAPK pathway inhibitors on Doxorubicin Resistant AML cell lines	Lina Alawi Alhebshi Alazouf Abdulaziz Althowity	Prof. Adeel Chaudhary Dr. Farid Ahmed
Analyzing Genetic Causes of Autosomal Recessive Microcephaly in Patients of Western Saudi Arabia	Haifa Mansour Abdullah Mansour Rukhaa Adeel Chaudhary	Prof. Adeel Chaudhary Dr. Mohammed Imran Naseer
MTHFR gene variants frequency in a cohort of Saudi volunteers	Laila Majid Altamimi Hanan Hassan Alshehri Shahad Zuheir Badawi	Dr. Mohamad Yassin Saka Dr. Ashraf Dalol
The effect of time intervals on hematological parameters on normal vs pathological blood samples	Naif Mohammed Alshehri	Dr. Talal Hussein Qadah
Comparison between detecting Salmonella Species by Conventional Culture Method and InSite Salmonella Species Detection System	Rawan Alyamani Bashayer Almoutairi Rawan Ayaz	Dr. Abdulaziz Bamarouf
Antimicrobial Activity of Colloidal Silver Nanoparticles	Rafah Bamardouf Duaa Bukhari	Dr. Abdulaziz Bamarouf
Combined Analysis of Polymorphism Variant in hMTH1, hOGGI and MUTYH Genes on the Risk of type 2 Diabetes in the Saudi population	Bushra Meshal Al-Sulami Ebtisam Rajih Al-Smdani Muna Salman Amin	Dr. Refaat Ibrahim El-Fayoumi
Isolation and Characterization of Mesenchymal Stem Cells Obtained From Human Adipose Tissue	Ahmed Attiallah Al-harbi	Dr. Mohammad F. Abuzinadah
Preimplantation Genetic Diagnosis (PGD) for Prevention of Thalassemia	Abeer Abdu Qadeer Siddiqi Abrar Mohammed Al Hariri Bayan Abdullah Ba-Ali	Prof. Adel Abuzenadah Dr. Mourad Assidi
Biobanking: Assessment of Medical Students Knowledge and Willingness to Donate Biospecimen	Sultan Sameer Hijazi Khaled Shaker Alsulami	Prof. Abdelbaset Buhmeida Dr. Mourad Assidi

<b>Research Topic</b>	<b>Done by</b>	<b>Supervised by</b>
Blastocystis Hominis: Is It a Cause of Diarrhea?	Bayan Abdullah Mallah Banan Abdullah Mallah Amnah Abdulaziz Bugis	Prof. Haytham A. Zakai
Epidemiological Characteristics of Pseudomonas Aeruginosa Isolated from King Abdulaziz University Hospital (KAUH)	Bayan Maher Basahi Mai Ahmed Al-Dhubaiban	Dr. Ibrahim Ali Al-Zahrani
Carabapenem-Resistant Klebsiella pneumoniae (CRKP) isolated from King Abdulaziz University Hospital (KAUH)	Raghad Rasheed AlBaradi Nashaw Jameel AlSasi	Dr. Ibrahim Al-Zahrani
Expression of Cancer Stem Cells Markers in Fresh Tumor Sections and Primary Cell Lines for Meningioma	Gada Wafia Khoulood Salaam Sarah Al Aswad Nadeen Akhoon	Dr. Deema Hussien
The antibiotic resistance profiles of Gram-positive isolates from septicemic patient	Mada M. Qaroot	Dr. Khalil Alkuwaity
Frequency of Genetic Variants Affecting type 2 Diabetes Mellitus in Cohort of Saudi Volunteers	Manal Ahmed Alshanqeety Bashayer Saleh Ahmed Al-Zahrani Haifa Ali Gharawi	Dr. Mohamad Yassin Saka Dr. Ashraf Dalol
The Prevalence of Intestinal Parasites from Fingernails of a Random Population in Jeddah, Saudi Arabia Part 1,2,3	Taghreed Fawzi Felemban Dina Bahrulddin Bandoug Shaimaa Jameel AlGhamdi	Dr. Majed Wakid
Urinary Tract Infection in Dialysis Patients	Dunya Adel Delli Amirah Kamal Qadri	Prof. Zahira Mohammed Fthy
